

CONTENTS · THE JOURNAL OF
General Physiology

VOLUME 68 · NUMBER 6 · DECEMBER, 1976

- 567 PHILIP B. DUNHAM. Passive potassium transport in LK sheep red cells. Effects of anti-L antibody and intracellular potassium
- 583 PETER C. BRAZY and ROBERT B. GUNN. Furosemide inhibition of chloride transport in human red blood cells
- 601 R. G. JOHNSON and A. SCARPA. Ion permeability of isolated chromaffin granules
- 633 ESTHER I-HSIN CHOW, EDWARD D. CRANDALL, and ROBERT E. FORSTER. Kinetics of bicarbonate-chloride exchange across the human red blood cell membrane
- 653 A. M. GORDON and E. B. RIDGWAY. Length-dependent electro-mechanical coupling in single muscle fibers
- 671 INDEXES TO VOLUME 68
- 679 CORRECTION
